

Guidelines for the Organisation, Education and Appointment of Cross-Country Technical Delegates

The goal of these guidelines is to raise the standard of training and education on the highest possible level for all Technical Delegates (TDs).

- 1) Education and training as national TD
- 2) Attend a 1st FIS regional TD seminar - with necessary theoretical and practical knowledge
- 3) Gain experience in key positions at FIS level competitions during the subsequent two years training period – be evaluated by a TD
